

ADVANCED HEALTH MANAGEMENT PROGRAMME

Ms. Denisse Petersen

Denisse is currently working as a Professional Nurse (TB/HIV Speciality) at the Orsmond TB Hospital in Uitenhage in the Eastern Cape.

"I am proud to be associated with FPD and that I had an opportunity to be a FPD student because their services are of a great standard and they are well structured and highly professional. I also stand a greater chance for a promotion once a position becomes available."
