

# HIGHER CERTIFICATE IN MANAGEMENT

## Ms. Lebo Choeu

Lebo is a Project Manager at Re-Action Consulting and says that FPD as an institution has been very professional. She states that she is recommending a lot of her colleagues to attend some of FPD's courses.

*"The course helped me a lot by looking at things the right way as a manager. I improved in skills such as people management in human resources, strategic planning and I am a better project manager than before. I am meeting my timelines better than before. And I am seeing better results after applying the principles I learned in the course."*
