

# ADVANCED CERTIFICATE IN HEALTH MANAGEMENT

## Mr. Jurie van Niekerk

Mr van Niekerk's area of expertise is Project Management. He has consulted as technical advisor to the National Department of Health (NDoH) for more than 8 years on programme and project implementation in the restructuring of the SA health services. He has done various project designs & evaluations involving NGOs, CBOs and international health funding institutions such as EU, USAID, Kellogg Foundation, etc, in Southern African countries. He is currently self-employed as a development practitioner/consultant focusing on the health sector.

*"The CAHM course is well designed and focused on practical application. You have to work hard to successfully complete it, but the study effort is worth every moment. CAHM has equipped me to deal with a much wider scope of health services aspects than before."*
