

ADVANCED HEALTH MANAGEMENT PROGRAMME

Ms. Munira Adamjee

Ms. Adamjee is a Central Pharmacy Unit Manager at McCord Hospital in Durban.

The AHMP course has changed her way of thinking towards strategizing and continuous improvements of processes already in place. It also enhanced her ability to manage staff and conflict, improved her understanding of delegating tasks to staff and how to lead and not just manage.

“FPD is doing excellent work in improving education and skills amongst the managers and leaders. It is moulding managers into competent, skillful, successful leaders who can be looked up to and provide results in all facets of their work environments. These techniques do not only improve our working lives but also provides us with skills to improve our personal lives.”
