

ADVANCED HEALTH MANAGEMENT PROGRAMME

Ms. Razeeya Khan

Razeeya is a Pharmacist who formerly worked for the Wits Health Consortium. She is very impressed with FPD as an organisation and says: "FPD has got an efficient management system, and I think their leadership is excellent. And I am commending them for their quick response to increasing ARV treatment to the masses, by utilising the avenue of partnership formation with other organisations to achieve the greater good."

"The course helped me get a better understanding of management and pay more attention to detail than before. I also learned how to draw up strategic plans that are workable and sustainable. And after the course I was able to expand the scope of my abilities in management."
