

ADVANCED HEALTH MANAGEMENT PROGRAMME

Mr. Singilizwe Tinkili Moko

Singilizwe Tinkili Moko is in possession of the following qualifications (amongst others):

- Bachelor of Technology, University of Johannesburg [2000]. His research project was titled "Understanding of HIV and AIDS information amongst clients attending Classic House clinic at Rustenburg in the North West Province"
- Master of Public Administration at University of Fort Hare (2010) dissertation entitled "Evaluation of the implementation of the Antiretroviral Treatment (ARVs) policy in Amathole District Municipality of the Eastern Cape Provincial Government."

In his career he worked in the following places in various capacities:

- Assistant Director for Sexually Transmitted Infections & Surveillance
- Director for EU: Partnerships for the Delivery of Primary HealthCare including HIV&AIDS Programme within the Department of Health Eastern Cape Province.
- He is currently a PEPFAR scholarship beneficiary for Advanced Health Management Programme at Foundation for Professional Development Business School in association with Yale University School of Public Health. This programme is an intensive well packaged management training which equips learners with relevant and practical leadership and management competencies.

Mr. Moko is a qualified skills facilitator, assessor and moderator. He has facilitated Introduction to Public Administration, Human Resource Management and Local Government Administration modules at the University of Fort Hare in the Faculty of Law. He is currently a doctoral student in social sciences at the University of Fort Hare.

"Since attendance of the AHMP, I have experienced a sense of growth personally and professionally."
