

HIGHER CERTIFICATE IN MANAGEMENT

Mrs. Tholakele Bennie

Ms. Bennie is a Research Project Director for an adolescent research study and a study coordinator for HIV vaccine clinical trials for the Centre for the AIDS Programme of Research in SA (CAPRISA).

When she enrolled for the course, she had just been promoted to a managerial position, the one that she currently occupies. The HCM course has equipped her with the necessary skills for someone who is a management position. She better understands the policies around human resources and labour law and getting to grips with financial management.

“There is so much that I have learned here that I now apply in my daily work life which has prepared me to be a better manager.”

“I am very impressed with FPD services in the sense that they take what they do very seriously and are very professional in the manner in which they deal with the students. The lecturers knew their work and were always happy to go the extra mile and explain things in details and answer e-mails when students communicated to them via e-mail. I am also very impressed with the level of capacity-building that FPD is bringing into the country with so many students trained all over SA.”
